Semi Annual Membership Meeting and Potluck Cookout

The club will provide hamburgers, buns, condiments, paper plates, napkins and plastic forks. Members please bring a dish to share and your drink.

And once again our Bud Murray Scholarship Committee is fundraising. At December's meeting our

Chinese Auction

was very successful -- thanks to you. If you have a garage sale item that you would like to donate to our auction table, please bring it. We'll sell tickets and then at the end of the meeting we'll ask Jake Asay to draw for winners.

Hope to see you in July!

Memo from the President

My wife and I and our friends have a great time at tractor pulls. But, we haven't been able to enjoy pulling in Zellwood much lately. After these past few pulls, I'm tired and my wife is tired and several members that staff track positions, mostly the entire pull, are tired too -- dead tired. Man, we appreciate you all with the dedication. Thank you. We can always depend on you to work along with us. You know, done right -- these pulls are major events the first Saturday of every month; it requires a lot of planning, hours and help. We never have enough help. When the sun is beating down on the track and the dust is blowing, and a break never comes, it gets to be a long day.

A few club members, my wife, and I work at keeping the track looking nice, the area clean and mowed and the garbage picked up. We continue to make major repairs to the sleds. We have just replaced two loud speakers (on a wobbly ladder) and two more are on the way. The scale is broken and the counter on the blue sled needs new parts, again. We'll get those ordered and installed, hopefully before the next pull.

I'd like to see the day when every club member that comes to Zellwood to pull their tractor or truck take some time to help out. On the other hand, I'd like to see everyone have time to tinker with their motors before the pull, visit with friends, pull and have a snack from the concession stand too. To spread it all out and even it up, consider the following on pull day:

- Relieve someone on the track. Be smart though. Make prior plans for your own relief before you go out there.
- Help members collect garbage and picking up and putting away equipment before you leave.
- Clean up your mess. It's your mess.
- If you have a complaint, figure out how to fix it -- and then fix it.
- Register on time.

Nobody is salaried at this gig. We all just do it because we want a nice place to pull.

Hope to see everyone at July's Membership meeting and potluck. It is inside NOCIA's building this year, but I'll still be grilling hamburgers outside. Bring your favorite dish to pass and drinks for yourself, spouse and kids. We'll enjoy the party. And thanks again. *Bill Mugler*
