## Welcome New Pullers

Leann and Brianna Owens are learning to pull their JD 650 Big Wheel. Leann started pulling in June and Brianna added to the competition in Sept with dad, Bill, coaching both.

Janie Mitchen’s son Chris has built a V-Twin and tested it out at Sept’s pull.

Niles Shanaberger and family from Fort Pierce added a big IH to our V-8 lineup.

Tripp Griggs brought “Orange Crush,” a 1949 Allis Chalmers WD, down from Ocala and pulled in the 3500lb and 4500lb classes.

Greg Sardina’s mini rod is now sharing the garage with Brandon’s “Cubzillar.”

Autum and George Rhodes drove down to give Pat’s IH 460 some exercise.

Travis Hetz and Clay Cravey just drove in, signed up their work diesels but didn’t quite measure up to the FATC trucks. Good show. Come on back!

## Memo from the President

**Many thanks to everyone.** The sled has been a great success thanks to my son Kirk and Dave Sheets, the man from Groveland who did all the welding. Thanks to everyone who helps at our pulls and a special thanks to Dara Bainter, our secretary, for the fantastic job she does and has done in the past. *Bill Mugler*

## PPL Pull Results

**FATC and NOCIA co-hosted the Southern Pullers on September 23<sup>rd</sup> and 24<sup>th</sup>.** We haven't yet heard if we're going to call the event a fund raiser but we will positively say that the Southern Pullers Association gave us a 1<sup>st</sup> class show. We will also say FATC and NOCIA were 1<sup>st</sup> class hosts from start to finish. NOCIA implemented a well organized plan and if Gary Miller missed something it wasn't apparent. FATC members provided a great track, track and sled workers, pull back and grading tractors, heavy equipment drivers, announcers, registration and good weather, minus a little rain on Saturday night. As a matter of fact this little rain shower caused Bill Hogshead, from Mount Plymouth, a little heartburn and he wanted to pack it up and go home. Gary would not give up and close the track. So the track guys, determined the pull would finish, scraped the track down about 3 inches and Bill stayed to the end. And it's a good thing Bill stayed; he collected 1<sup>st</sup> place in the 6200# FWD Modified class after the rain stopped along with the 2<sup>nd</sup> place he collected Friday night.

Chris Beiter is a member of the Southern Pullers. He pulled his tractor in the 8000# Super Farm class and placed third on Friday night but Rodney Swift from Ocala took his place Saturday night by 4 feet. Chris is running right with them like a pro.

Although they had to spring for temporary SPA membership, insurance and hook fees each night, our truck pullers, Rob Waller, John Edwards and Rod Brown pulled both nights. And now we know the only difference between our trucks and PPL trucks is 20 feet. Thanks guys, it was very cool to have FATC hooking too -- you made us proud.

For complete results for both nights and standing points go to [www.tpuller.com](http://www.tpuller.com). Click Zellwood.

## News You Can Use

**Check out September's Pull Results and Standing Points on the website, [www.flpullers.com](http://www.flpullers.com).** Linda Bainter, our photographer, has added the September pictures and they are awesome. If you don't have internet access find someone that does so you can catch up on the pictures as well as all the web site features. Click "About Us" then scroll down to "pictures." You'll probably see yourself, your tractor or truck or your family. Linda stores FLPullers' pictures in *flickr* so you can easily download whatever you want onto your computer. Most all of the photos used in these Newsletters are stored in *flickr* so go get them and send a copy to your friends. Ha Ha -- it's not too early to start thinking about Christmas. Discuss with Linda your Christmas card order featuring you and your tractor, or in Dan Neumann's case the family portrait of Neumann tractors. Linda can get that done for you. Well?

Also included on the front page right side of the web site is a place to click "contact us." Folks are sending us emails, making comments about our club or asking questions. We have responded to a lot of people and I'm thinking several of our new members saw us first on the web. Just this weekend we have corresponded with University of (Go Gators) Florida's three quarter scale pulling team -- they found us on the web. Perhaps they'll drive down; bring their little tractors.

Mostly, we get compliments, but we did get a complaint. Verbatim . . . "I was embarrassed at the profane language I heard at the 9-17 Pull. We consider our events as family entertainment w/a lot of children and females in attendance and we have several female volunteers and pullers. Is this the reputation we want the spectators to go away with? Signed: Member" I could only apologize.

Our rules are on the web. We're sending people to the site that are now emailing about our January Super Pull. Actually, our rules are **not** up-to-date; they do not reflect the changes made in July. Per Robert's Rules, rule changes are not published until the Minutes are approved. After the "factory head" misunderstanding, I am not doing anything "half cocked" for fear of the future challenge. So I'm waiting for a meeting, probably a membership meeting would be accurate, to get July's minutes approved and then sent up to our web guy to change them on the web. News you can use -- Continued on page 3

News you can use -- Continued from page 2

Jeff and Bill say we're changing the Garden Tractor rules too, but there hasn't been any legislation from the membership or the officers to make that happen. Probably ought to get all this taken care of as soon as possible so we're up-to-date for the people checking us out on the web.

January 13<sup>th</sup> and 14<sup>th</sup> Annual Super Pull ad is in October/November Hook Magazine and will repeat with a different ad in November/December issue.

We have trophies for pullers placing 1<sup>st</sup> in classes with 3 or more entries. Thank you Kirk for finding and ordering the trophies for us.

**WE HAVE A JOB OPENING FOR A VERY IMPORTANT POSITION:** Stan Bainter returns to the track on Sun after a Sat pull and collects the garbage, takes it home and Waste Management picks it up from Stan's driveway curb the following Tues. On the Thurs before the pull, Stan goes to the track to make sure the cans have liners and are tipped up right. He regrets it, but must retire. He's going to finish out the year and is willing to train his successor. Thanks Stan for keeping the grounds clean.

Welcome New Pullers  
continued from page 1

Buddy Lambert is back and the "Blues Man" looks really good.

Perry Lovelady's brother Gale showed us his big 1962 Oliver in the open gear class.

And Rob Waller; he's not a new puller but for the 1<sup>st</sup> time this year, Rob rode

"HawgWaller" down the track for 30 Full Pull points. That picture can be downloaded from [www.flpullers.com](http://www.flpullers.com)

## 3<sup>rd</sup> Annual “Honoring Our Vets” Truck and Tractor Pull

October 22<sup>nd</sup>  
4253 Ponkan Road, Zellwood, FL 32798  
Registration 10:00 am – 12 noon  
Pull begins at 1:00 PM

Members of the Florida Antique Tractor Club honor and thank our men and women who have served to protect the United States of America by inviting all local veterans to enjoy our October pull FREE of admission.

Along with an exciting pull, there are other festivities recognizing veterans and celebrating America’s precious freedoms planned. Among them is the “Best of Show Contest” recognizing and awarding a gift certificate to the individual or family with the best presentation of patriotism, which could include anything from costumes, to decorated tents, to decorated vehicles. The festivities and contest are open to both spectators and event participants.

This is an excellent day and opportunity to line up all FATC members’ tractors, trucks and garden tractors in the front to take an annual group picture. Our 1<sup>st</sup> group picture, to the right, was taken at our 1<sup>st</sup> “Honoring Our Vets” pull in 2009. Everyone interested in being in the picture, please arrive early, get registered, weighed, decorated and out onto the track. We’re expecting a lot of vets to come see our pull this year.
